

Colorectal Cancer Support Group

The Division of Colorectal Surgery invites you to join our Colorectal Cancer Support Group. This Group provides a positive and supportive environment for patients diagnosed with Colon or Rectal Cancer. This is an in-person forum where patients can share their stories, reflect on their experiences, voice their concerns, provide resources and connect with others undergoing similar experiences. Guest speakers will participate in some of the monthly group meetings.

Friends, family and caregivers are welcome to join!
