

"You can't put a price tag on self confidence."

Cosmetic Surgery

Department of Surgery/Division of Plastic Surgery

The NewYork-Presbyterian
Center for Aesthetic Surgery

 **NewYork-Presbyterian**
The University Hospital of Columbia and Cornell

Welcome to the NewYork-Presbyterian Center for Aesthetic Surgery, part of the Division of Plastic Surgery of two world-renowned medical centers. Our staff members bring a wealth of experience, superb patient care, judgment and technical abilities to the practice of plastic, reconstructive, and aesthetic surgery.

Our Board-certified plastic surgeons and anesthesiologists are guided by the professional standards set by the American Society of Plastic Surgeons and the American Society for Aesthetic Surgery. Procedures take place in a safe, comfortable, confidential and fully accredited surgical facility.

This patient-centered focus distinguishes us as an innovative center with an ongoing commitment to improving the experience of aesthetic surgery. Our facilities offer a warm, inviting and reassuring environment, with professionals who care for you during your surgical experience. We want you to be educated about your procedure, have your questions answered, and feel confident that you have chosen the right aesthetic option for you.

Aesthetic surgery is a very personal choice and we value your decision to trust our expertise.

For further information, or to make an appointment at the NewYork-Presbyterian Center for Aesthetic Surgery, call 1-800-543-2782.

Sincerely,

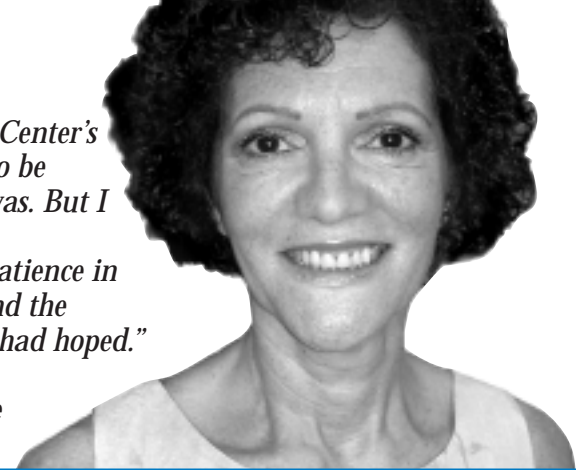

Robert T. Grant, MD, FACS
Chief, Division of Plastic Surgery

Cover: *“Every woman should try it at least once, because she shouldn’t settle for anything less. I love the way I look.”*

– Kim

“It’s all about you! That is the Center’s unspoken motto. It is normal to be anxious about surgery, and I was. But I was put at ease by my doctor’s unassuming manner and his patience in answering all my questions. And the results were even better than I had hoped.”

– Joyce
