

Learn About Heartburn

Gastroesophageal reflux disease

If medications aren't enough, ColumbiaDoctors surgeons at Columbia University Medical Center can relieve heartburn (GERD) with laparoscopic or incisionless anti-reflux procedures.

DATE:

August 1, 2017

TIME:

5:30pm — 6:30pm

VENUE:

ColumbiaDoctors Midtown
51 West 51st Street
New York, NY 10019
